

YURTEL IS GLAMPING GLAMOUR DEFINED

We provide the finest canvas accommodation to
create bespoke camps of barefoot decadence:
unpackaged, informal and relaxed.

OUR STORY

Yurtel is all about freeform escapism. Wild settings with 5 star service and accommodation, laid back vibes, a creative flair and some bohemian spirit.

We have over 17 years experience in providing beautifully wild overtones to world renowned festivals, weddings and landmark events.

YOUR CAMP

Our team have pitched over 20,000 luxury suites, elegant yurts, deluxe bell tents and ensuite huts at over 100 events across the UK.

Each party is different, each site unique. We can create bespoke camps in the grounds of a stately home, country estate, woodland glade or open field. Whatever the setting, we design with creativity and sensitivity, to act as a backdrop or centrepiece for your celebrations.

MORE THAN A CAMP

If you need more than luxury accommodation, our experienced team can raise the stakes.

We can design and host champagne breakfasts, decadent cocktail evenings, under-the-stars dining and fireworks round the fire pit: all with our Yurtel dash of stylish escapism.

YURTEL

OUR TEAM

We have a crew of creative problem solvers and a core team of seasoned event professionals.

Every last detail from the eye masks to the clothes hooks are carefully packed, every position of every structure painstakingly considered, and each accommodation lovingly prepped and pillows plumped.

The site specifics, access, power requirements, additional bedding, timings and take down are thoughtfully designed and managed, to leave the partying up to you.

OUR CAMP

Our fleet includes the largest single collection of luxury suites, yurts and deluxe bell tents. Each design has its own character, comfort and style.

Most structures can be adapted to fit bigger groups with additional beds. All luxurious cotton bedding, comfy duvets and soft pillows are included. For a night spent under canvas with no comfort spared, we are the pioneers.

MADE IN THE UK

Our structures are designed by us and made in the UK by the oldest tent manufacturer in the country.

We design each custom-made piece of furniture, and we focus on sustainability: making smart use of the earth's resources.

We deliver, set up and collect to leave no trace, and work hard to recycle, re-use or re-home our tents, materials and resources.
