“This place is the best”

BBC RADIO PRESENTER

Our Story

We are the product of over 18 years experience in high-end event production and hospitality combined with a long lasting love affair with the great British outdoors.

Our experienced team offer a mix of creative design, slick production and warm hospitality to provide some beautifully wild overtones to your celebration.

Our team

We have a crew of creative problem solvers and a core team of seasoned event professionals.

Every last detail from the eye masks to the clothes hooks are carefully packed, every position of every structure painstakingly considered, and each accommodation lovingly prepped and pillows plumped.

The site specifics, access, power requirements, additional bedding, timings and take down are thoughtfully designed and managed, to leave the partying up to you.

“Cocktails, campfire and
accommodation, what more can
you ask for?”

DAMON ALBARN

BLUR

Our camp

Our fleet includes the largest single collection of luxury suites, yurts and deluxe bell tents. Each design has its own character, comfort and style.

Most structures can be adapted to fit bigger groups with additional beds. All luxurious cotton bedding, comfy duvets and soft pillows are included.

Made in the UK

Our structures are designed by us and made in the UK by the oldest tent manufacturer in the country.

We design each custom-made piece of furniture, and we focus on sustainability: making smart use of the earth's resources.

We deliver, set up and collect to leave no trace, and work hard to recycle, re-use or re-home our tents, materials and resources.

Weddings

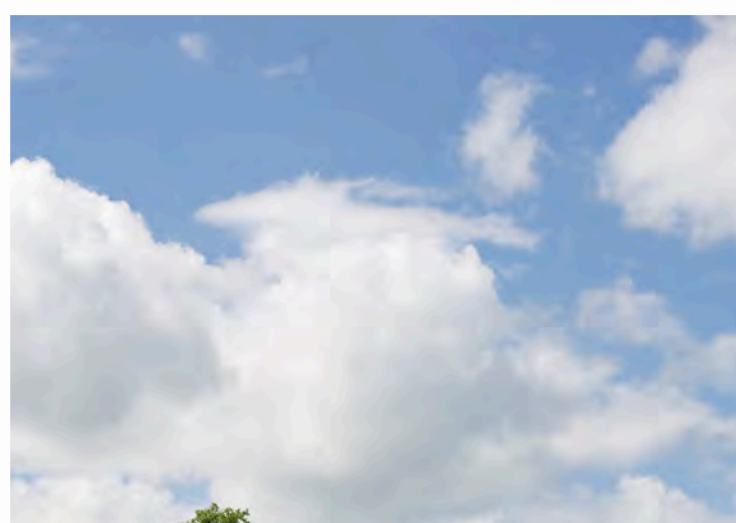

We specialise in the unique. Bespoke weddings in beautiful settings with star studded skies, wild banquets, campfire cocktails, fireworks by hot tub and champagne breakfasts.

We can offer a fully serviced luxury camp with artisan bars, restaurants and spas, or the straightforward accommodation hire. Our hospitality and hiring services run from the sublime: mixologists, ambient lighting and fresh flowers, to the essential: luxury loos and showers, temporary power and water supplies.

“Just the perfect
wedding accommodation”

Celebrations

Landmark events, parties and celebrations. Just the tents or a bespoke luxury camp with all the trimmings, we can cater for the simplest of get togethers or a fully catered camp with cocktails, banquet, woodland dance floor and disco balls.

Our events team are experts in creating original experiences that celebrate the guests and the setting. Boutique celebrations at your choice of stately home, country estate, woodland glade, rolling fields or beautiful garden.
