## Your camp

---

Our team have pitched over 22,000 luxury suites, elegant yurts, deluxe bell tents and ensuite huts at over 120 events across the UK.

Each site is unique. We can create bespoke camps in the grounds of a stately home, country estate, woodland glade or open field. Whatever the setting, we design with creativity and sensitivity, to act as a backdrop or centrepiece for your celebrations.

# Our team

---

We have a crew of creative problem solvers and a core team of seasoned event professionals.

Every last detail from the eye masks to the clothes hooks are carefully packed, every position of every structure painstakingly considered, and each accommodation lovingly prepped and pillows plumped.

The site specifics, access, power requirements, additional bedding, timings and take down are thoughtfully designed and managed, to leave the partying up to you.

## Our fleet

---

Our fleet includes the largest single collection of luxury suites, yurts and deluxe bell tents. Each design has its own character, comfort and style.

Most structures can be adapted to fit bigger groups with additional beds. All luxurious cotton bedding, comfy duvets and soft pillows are included. For a night spent under canvas with no comfort spared, we are the pioneers.

## Made in the UK

---

Our structures are designed by us and made in the UK by the oldest tent manufacturer in the country.

We design each custom-made piece of furniture, and we focus on sustainability: making smart use of the earth's resources.

We deliver, set up and collect to leave no trace, and work hard to recycle, re-use or re-home our tents, materials and resources.

Ear plugs & fresh flowers

## BATHROOM

Hot shower, proper loo & sink  
Towels & toiletries

A row of white luxury yurts is set up in a field of tall, dry grass under a clear blue sky. The yurts are arranged in a line, receding into the distance. Each yurt has a large, open doorway that reveals a wooden lattice interior and a bed with white linens. The yurts are supported by wooden poles and have a conical roof structure. The background shows a dense line of green trees.

# Luxury Yurt

## FIRST IMPRESSION
