Barefoot Luxury

THE FINEST BOUTIQUE CAMPING IN THE LAND

What we do

We create bespoke outdoor experiences and provide luxury accommodation for weddings.

Our passion is for transforming wild spaces into magical backdrops or spectacular centrepieces.

With a fleet of 200 canvas structures and a crew of 75, we have pitched over 20,000 luxury suites, elegant yurts, deluxe bell tents and ensuite huts at some of the most celebrated venues, magnificent homes and breathtaking landscapes to create the most wild and wonderful, free-spirited parties in the UK.

By setting up Yurtel camps at boutique hotels, grand estates or private homes you can host, entertain and accommodate any number of guests throughout the day and night.

The Yurtel experience

WE ARE OUTDOOR PEOPLE

Our Story

We are the product of over 18 years experience in high-end event production and hospitality combined with a long lasting love affair with the great British outdoors.

Our luxury camps come in all shapes and sizes, from a handful of stylish tents to bucolic wild settings with 5 star accommodation, artisan bars, outdoor restaurants, stunning receptions, pop up cinemas and bespoke spas.

Our experienced team offer a mix of creative design, slick production and warm hospitality to provide some beautifully wild overtones to your celebration.

“This place is the best”

BBC RADIO PRESENTER

Our luxury camps

We create bespoke camps in the grounds of stately homes, country estates, woodland glades, rolling fields and beautiful gardens.

Each venue is different, each setting unique. Our job is to ensure you can stylishly host, accommodate and entertain as many guests as you like in the setting of your choosing.

“Just the perfect wedding accommodation”

Our services

We don't just provide luxury accommodation. Our events team are experts in creative design and management of weddings of all sizes. We specialise in the unique: celebrating the setting, style and guests with champagne breakfasts, wild banquets, campfire cocktails and fireworks by hot tub.

We can offer a fully serviced luxury camp with artisan bars, restaurants and spas, or the straightforward accommodation hire. Our hospitality and hiring services run from the sublime: mixologists, ambient lighting and fresh flowers, to the essential: luxury loos and showers, temporary power and water supplies.

"Divine, simply divine! Loved everything.
Yurt amazing, staff gorgeous!"

Our team

We have a crew of creative problem solvers and a core team of seasoned event professionals. Every last detail from the eye masks to the clothes hooks are carefully packed, the position of every structure painstakingly considered, and each accommodation lovingly prepped and pillows plumped.

The site specifics, access, power requirements, additional bedding, timings and take down are thoughtfully designed and managed, to leave the partying up to you.

"Love is a canvas furnished by nature
And embroidered by imagination"

VOLTAIRE

The spec

For a night spent under canvas with no comfort spared, we are the pioneers.

Our fleet includes the largest single collection of luxury suites, yurts and deluxe bell tents. Designed by us and built in the UK by the oldest tent manufacturer in the UK, each structure has its own character, comfort and style.

Most structures can be adapted to fit bigger groups with additional beds. Whilst all luxurious cotton bedding, comfy duvets and soft pillows are included.

We design each custom-made piece of furniture, and we focus on sustainability: making smart use of the earth's resources. We deliver, set up and collect to leave no trace, and work hard to recycle, re-use or re-home our tents, materials and resources.

“Yurtel creates an oasis of loveliness in which to bathe, Beautiful staff, extraordinary service, a sizzling time”

A HAPPY GUEST,
WEDDING 2017

A row of white luxury yurts is set up in a field of tall, dry grass under a clear blue sky. The yurts are arranged in a line, receding into the distance. Each yurt has a large, open doorway that reveals the interior, which is furnished with a bed, pillows, and a wooden lattice wall. The yurts are made of white canvas and have a conical roof structure. The background shows a dense line of green trees.
